2026 CATALOG

LOVE YOUR CRAFT

At Alumacraft, we build our boats to refine the experience, so you can spend your time where it matters – catching fish. We enjoy sharing our love of fishing and nature, and we are proud to support our fishing communities, nurturing new talent and inviting more people to join our passion.

Whether it's a planned adventure or a spur of the moment trip, we know that fishing is more than the thrill of a great catch. It's not a hobby or pastime – it's love.

You sweat your craft, so we sweat ours.

OWN THE CATCH

For nearly 80 years, Alumacraft® has been part of the stories families tell on the water. From first casts to lasting traditions, our boats have carried generations into shared memories and timeless experiences.

Because time on the water isn't only about fishing or boating—it's about the people you're with, the memories you create, and the legacy you leave behind. Wherever those memories are made, Alumacraft is there.

ALUMACRAFT LINEUP

For generations, we've built aluminum boats that make time on the water effortless—smooth rides, easy handling, and fewer distractions. Because the less you worry about your boat, the more you can focus on what really matters: the catch, the company, and the memories made along the way.

**OUR FULL LINEUP IS BUILT TO MATCH
EVERY KIND OF ANGLER AND EVERY
KIND OF ADVENTURE**

Whether it's the power of the Competitor, the precision of the Trophy, or the versatility of our full lineup, there's an Alumacraft built for you. Configure and customize yours today at [Alumacraft.com](https://www.alumacraft.com).

DRIVEN BY PASSION

At Alumacraft, we build boats for those who live for the water. That's why we partner with expert anglers who put our boats to the test every day. Their knowledge, skill, and passion help us refine performance and ensure every Alumacraft is ready for your next adventure.

Get to know our
Alumacraft
ambassadors.

JAY SIEMENS

Jay turned his fishing passion into a career. The Alumacraft Competitor delivers the performance and comfort he needs for filming or family fun.

 [jay_siemens](#)

JON THELEN

Jon Thelen is no stranger to catching fish. With over two decades of experience in the fishing industry, Jon is known for his expertise on catching monsters across the midwest and Canada.

THE ALUMACRAFT ADVANTAGE

YOUR PASSION, OUR PRECISION

Innovation isn't just a feature—it's the foundation of every Alumacraft. Our exclusive PRO4M™ Hull construction delivers unmatched strength and stability, while the Aqua-Dynamic hull design ensures a smoother, more controlled ride in any conditions. Pair that with the ALUMAFLEX™ Modules, and you have the freedom to choose the onboard layout that best suits your needs. You'll see why anglers everywhere trust the Alumacraft Advantage.

It's more than performance, it's confidence. Confidence that every day on the water will be easier, more rewarding, and built around the way you want to fish. With Alumacraft, hassle-free adventures aren't the exception. They're the standard.

DESIGN

SIGNATURE ALUMACRAFT STYLE

Rooted in Alumacraft's proud heritage, today's models carry forward sleek design and modern detail. A curved gunnel, refined fit and finish, and thoughtful ergonomics come together to deliver an unmatched experience on the water.

BOLD COLORS

Available in five eye-catching new colors: Garnet Red, Stratus Gray, Azure Blue, Nightfall Black and Shadow Series for Trophy and Competitor models. See corresponding model pages for color offering by model.

1 >

CURVED GUNNEL

A sleek curved gunnel gives the boats a bold stance and unmistakable Alumacraft signature look.

2 >

CAPTAIN'S HELM

Throughout the design process, ergonomic considerations were incorporated into the new helm design. The completely redesigned console is built to last, with better integrated switching and electronics using injection-molded plastic that overall delivers much improved fit, finish and durability.

3 >

BOW CONTROL CENTER

At the bow control center, you'll find a USB charger and dedicated holders for your phone, tools, and cup. Plus we've added a location to flush mount a graph, up to a 12" model. We've also created a recessed compartment with a removable lid that's custom-designed to house the trolling motor foot pedal, making your onboard setup much cleaner, and keeping your pedal securely in place.

4 >

Only available on the 2025 and 2026 Trophy and Competitor models unless otherwise specified.

POWERED BY: **HONDA**

RIVETED V-HULLS

SUPERIOR DURABILITY

Hit the big water with our industry-leading Riveted V-Hull design. Engineered for a comfortable ride and responsive control on the water, our Riveted V-Hulls are made to last for generations.

2XB HULL

Our exclusive 2XB, double-plated hull dramatically reduces sound and vibration. Paired with larger, aircraft-grade rivets and a seamless one-piece hull bottom, it provides a soft, quiet and dry ride, even in rough water.

1 >

AQUADYNAMIC HULL DESIGN

Our Aquadynamic design of our gull-wing-shaped hull results in quicker planing, better handling, and superior boat control even in harsh conditions.

2 >

ONE PIECE HARDENED CENTER KEEL

A deeper, one-piece keel adds structural integrity and improves handling, tracking and control in all conditions.

3 >

REVERSE DISPERSION SPRAY RAILS

Large, reverse-dispersal spray rails deflect water down and away from the boat more effectively for a drier ride in rough water.

4 >

AIRCRAFT GRADE RIVETS

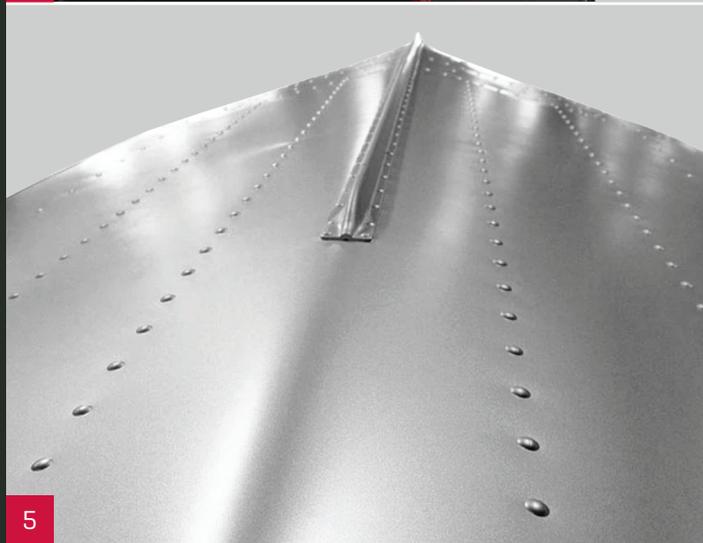

Larger rivets mean greater inherent strength. Fewer rivets are needed and fewer holes are drilled that could compromise the watertight seal.

5 >

SINGLE PIECE SURFACE

One-piece construction delivers superior strength over the competition's multi-piece hulls. Our hull allows for proper keel placement so the prop turns in pure, non-aerated water.

6 >

TAKE CONTROL

We've fine-tuned a range of clever helm configurations all designed to make every fishing expedition extra comfortable, convenient, and enjoyable.

HELM CONFIGURATIONS

POWERED BY:  **YAMAHA**

SPORT CONSOLE: FULL WALK-THROUGH WINDSHIELD

Big-time fishing meets serious comfort. Built for convenience and performance, the walk-through windshield will keep you and your passengers warm and dry. When the weather turns, easily snap on a full enclosure kit for added coverage.

PACKAGE AVAILABILITY:

Trophy, Competitor, Voyageur, Classic
1 >

SIDE CONSOLE: STARBOARD CAPTAIN HELM

Crafted to deliver no matter the conditions, our side console models are versatile machines that offer space, comfort and the ultimate fishability. Take advantage of adjustable layouts, well-designed side console helms and plenty of storage for you and your crew.

PACKAGE AVAILABILITY:

Competitor, Voyageur, Classic, Escape
2 >

TILLER: PORTSIDE STERN CONSOLE

Perfect for every angler, guide or weekend cruiser, our tiller models offer a traditional and premium fishing experience. Command the water in your own style with an open cockpit, great maneuverability, impressive control, and high-octane performance powered by engines up to 250 HP.

PACKAGE AVAILABILITY:

Competitor, Voyageur, Classic, Escape, V-Series

ELECTRONICS INTEGRATION

THE EXPERIENCE YOU'VE COME TO EXPECT

Alumacraft is leading the way by offering a more seamless level of electronics integration. Designed with the user experience in mind, you no longer have to worry about adding expensive mounts or having an obstructed view. We know how important electronics are, so we've put extra focus on enhancing the integration of these tools throughout the boat.

BOW CONTROL CENTER FLUSH MOUNTS UP TO A 12" GRAPH*

To make sure you don't miss any of the action happening underwater, the bow control center has an integration point that holds any flush-mounted graph of up to 12" so you can install your favorite fish finder.

1 >

STANDARD 7" GARMIN® DIGITAL DASH AND NAVIGATION

Once you settle into the captain's chair, you'll find all your boat performance data right at your fingertips with a digital dash that comes standard on all Trophy and Competitor models with a 7" Garmin® digital display and NMEA network.

2 >

SPACE FOR TWO 12" GRAPHS MOUNTED AT THE HELM*

Alumacraft's console design allows you to cleanly and easily install up to two 12" graphs behind the windshield with zero impact on driver visibility. We rethought the positioning of the switches and controls, so everything is easily accessible from the driver's seat, without having to reach for it.

3 >

Only available on the 2025 and 2026 Trophy and Competitor models.
*Optional graphs are sold separately.

3

ENGINE OPTIONS

POWER YOUR WAY

Every boater has a different style—and the right motor to match. That's why we offer four outboard options so you can power your boat exactly the way you want.

THE POWER OF CHOICE

Choose from the top engine brands in the industry: Yamaha®, Mercury®, Honda®, or Suzuki®. Each is power-matched to your Alumacraft model for peak performance. With reliable fuel economy, lasting dependability, and the strength to keep you going all day, you'll head out with confidence and return with ease.

HONDA

HORSEPOWER RANGE

20 HP — 400 HP

POWERED BY:  **YAMAHA**

ALL-NEW PRO4M™ HULL

OUR PATENTED PRO4M™ HULL DESIGN

Every Alumacraft innovation starts with a single goal: giving anglers a boat that performs as well as they do. That's why our Competitor and Trophy models feature our patented PRO4M™ Hull Technology—a breakthrough in aluminum hull engineering.

The PRO4M™ design delivers strength where it matters most, with reinforced construction that tackles rough water without compromise. Its precision-formed shape enhances stability and control, giving you smoother handling whether you're cutting across open water or maneuvering tight fishing spots.

More strength. More comfort. More control. PRO4M™ isn't just a hull. It's the foundation of the Alumacraft Advantage.

POWERED BY: **MERCURY**

X-PODS

The Alumacraft patented X-Pods add 16" [0.4 m] of extra space to give you more standing room and more fishing area off the stern, without extending the overall length of the boat.

1 >

CURVED GUNNEL

A sleek curved gunnel gives the boats a bold stance and unmistakable Alumacraft signature look.

2 >

ALL-ALUMINUM TRANSOM

Our all-aluminum transom delivers unmatched strength and dependability—built to outlast and outperform. Unlike wood, it won't rot, swell, or break down over time. Lightweight yet incredibly tough, it keeps performance sharp, balance consistent, and maintenance low. It's the kind of backbone you can count on, no matter how hard you run.

3 >

2XB SEAMLESS BOTTOM

Our exclusive 2XB, double-plated hull dramatically reduces sound and vibration. Paired with larger, aircraft-grade rivets and a seamless one-piece hull bottom, it provides a soft, quiet and dry ride, even in rough water.

4 >

X-PODS

MORE FISHABLE SPACE

X-Pods are a patented transom design that gives boaters increased standing room and water access at the stern, with an added bonus of additional storage.

Learn more
about X-Pods.
Scan to play video.

16" OF ADDITIONAL SPACE

The additional 16" [0.4 m] of space gives you more standing room and more space for fishing, without extending the overall length of the boat. 1 >

WRAP AROUND THE ENGINE

The X-Pod transom extensions wrap around both sides of the engine and improve overall buoyancy and speed to plane. 2 >

BETTER WATER ACCESS AT THE STERN

Better water access at the stern allows for easier handling and management of shallow-water anchors, swim ladders and kicker motors. 3 >

ADDITIONAL IN-FLOOR STORAGE

Two convenient in-floor storage compartments provide additional storage space. 4 >

PATENT PENDING

ALUMAFLEX™ MODULES

LIVWELL AND SEATING CONFIGURATIONS

This revolutionary innovation in the rear cockpit area gives you the freedom to choose the onboard layout that best suits your needs. If you want to switch it up at some point, just head into your local dealer and select a different module. It's that easy!

ALUMA**FLEX**
MODULE

Modules.

CHOOSE FROM 3 UNIQUE DEALER-INSTALLED REAR MODULES

FSX MODULE*

The Flex FSX module gives the best of both worlds with a 21 gallon livewell, two jump seats, underseat storage, and a ski pylon base [ski pylon available separately for purchase].

1 >

FLEX 29 MODULE

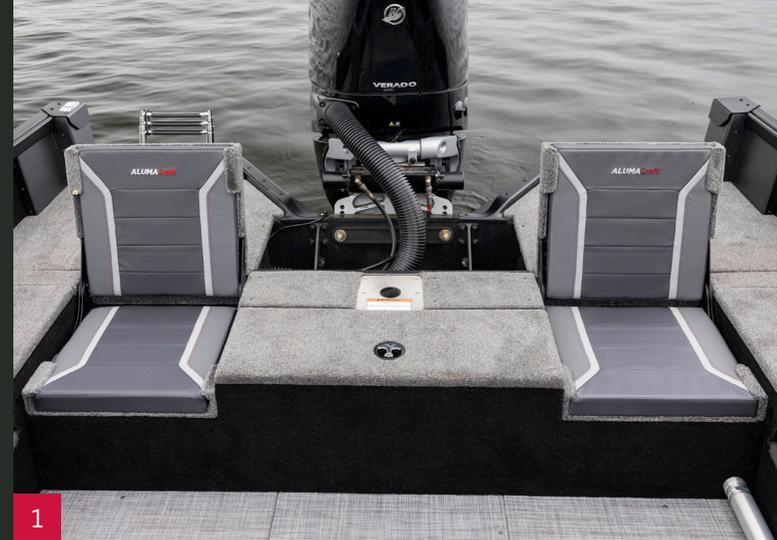

The Flex 29 is a rear module divided in two sections: a 29 gallon livewell on one side and additional storage on the other.

2 >

FLEX 50 MODULE

The Flex 50 module is all about catching fish, since it comes with a 50 gallon livewell.

3 >

Only available on the 2025 and 2026 Trophy and Competitor models.
*Flex FSX module not available with Competitor Tiller helm configuration.

STORAGE

MAXIMIZED STORAGE THROUGHOUT YOUR BOAT

Alumacraft boats are designed to provide ingenious storage solutions and functionality, ensuring everything has a place including bow dry storage, dedicated tip out tackle tray storage, and rod storage.

DRY STORAGE COMPARTMENT

Two dry storage compartments are the ideal solution to hold all your gear. They're made with rotomolded plastic for extra durability, include a drain for when you need to store wet items, and are lined with new, quick-drying marine mat material.

1 >

LOCKABLE STORAGE

All storage compartments are lockable, to keep your boating gear safe and protected when not in use, giving you added peace of mind when traveling and storing your boat.

2 >

ROD STORAGE

Lockable rod storage in the bow conveniently stores all of your rods in an easy to access area. Additional quick-access rod storage is located on each side of the bow control center, along with even more rod storage in the cockpit.

3 >

BOW LIVEWELL

A built-in 21-gallon livewell at the bow keeps your catch close at hand, so you don't have to haul fish to the back of the boat.

4 >

Learn more
about storage.

1

2

3

4

FOOTREST STORAGE COMPARTMENT

We've improved the ergonomics under your feet with an angled footrest, so you can keep both feet comfortably planted no matter how hard you're driving to get to your secret fishing spot! As an added bonus, the footrest also opens up to reveal a handy storage compartment.

5 >

BATTERY COMPARTMENT STORAGE

The starting and house batteries are centered under the cockpit, and space for three trolling motor batteries is located under the bow rod storage compartment. With these generous battery compartments, you'll have all the juice you need to power your day.

6 >

SIDE STORAGE COMPARTMENTS

Optimized side storage keeps your gear organized and within reach. Trophy models feature full-height storage compartments, with the upper port side designed for rods up to 10 feet and the lower section equipped with a convenient tip-out tackle tray. Competitor models offer stepped compartments you can kneel on for easier access to the water, along with rod storage up to 10 feet and a 46-quart cooler on the starboard side.

7 >

Only available on the 2025 and 2026 Trophy and Competitor models.

ACCESSORIES

ALUMATRAC

MOUNTING SYSTEM FOR ALL YOUR FISHING GEAR

Heavy-duty and easy to take on or off, this high-quality machined aluminum system fits as good as it looks. Perfectly calculated tolerance allows custom accessories to be easily loosened and moved along the gunnels for a versatile on-water experience.

See the full line of accessories at alumacraft.com.

FENDER HANGER STRAPS

Attach your favorite style fender to keep cleats clear for mooring ropes and protect against dock rash.

CANNON® ROD HOLDERS

Three-position, adjustable rod holder delivers fast baitcast or spinning rod pickup.

RAM ROD HOLDERS

High-strength composite fishing rod holder and 6" spline post, is a must for fishing enthusiasts.

TRAILER STEPS

Make entering, exiting or covering your boat safer and more convenient with a boat trailer step system.

PROTECTION FROM THE ELEMENTS

For 2026 we have expanded our cover options to include a new snap travel cover, convertible bimini top and new full enclosure options. These new options are sure to keep you protected whether you're on the road or on the water.

Gear up with Alumacraft apparel designed for every season. From tees and hoodies to hats and jackets, you'll find comfortable styles for days on the water and relaxing on shore, as well as great gifts for the lake lovers in your life. Explore the full collection at www.alumacraftgear.com.

INTRODUCING THE TROPHY SERIES

The Trophy is the ultimate aluminum fishing boat with unmatched versatility, more functional space, and a modern design, so you can spend your time where it matters – catching fish.

For Trophy Series length and helm configurations, visit: alumacraft.com, or see page 51.

FEATURE HIGHLIGHTS

TIP-OUT STORAGE

The 2026 Trophy models feature full height cockpit storages for all your gear. The port side top locker is rod storage that can hold up to 10 ft rods (205X). The starboard top locker is open storage for gear. The bottom locker on both sides is a new tip-out tackle tray storage for all your tackle.

REDESIGNED CAPTAIN'S HELM

Provides improved integration of both switching and electronics and uses injection-molded plastic materials to enhance the overall fit and finish. Comes standard with a 7" Garmin® digital display, NMEA network, and the option to install up to two 12" graphs behind the windshield.

ALUMACRAFT EXCLUSIVE X-PODS

These transom extensions wrap around both sides of the engine and feature convenient in-floor storage compartments. The additional 16" (0,4 m) of space gives you more standing room, water access at the stern, and easier handling.

NEW TROPHY SHADOW SERIES

Make a statement with sleek tone-on-tone graphics, custom upholstery, and detailed contrast stitching. A rare blend of style and substance—crafted for those who want to stand out without saying a word.

ALL-NEW PROCORE™ SYSTEM

Our patent pending fuel reservoir system integrates the battery storage in its center. Designed to optimize balance and stability while you're on the water.

BOW CONTROL CENTER

The new bow control center gives you the option to mount up to one 12" graph and includes a tool holder, a cell phone holder with a USB charging station and a trolling motor foot pedal well.

ALUMACRAFT WARRANTY

THE ULTIMATE ACCESSORY

We stand behind all of our products with up to a 20-year hull warranty combined with a 4-year "bow to stern" warranty on qualifying parts and components. The warranty is fully transferable to a second retail owner with proper inspection by an authorized Alumacraft dealer.

For full warranty details, visit www.alumacraft.com

BRYTON MARINE GROUP

BUILT ON HERITAGE

For nearly 80 years, Alumacraft has been more than a boat builder, we've been part of family traditions, tournament victories, and the stories made on the water. Crafted with precision and pride since 1946, our boats carry a legacy trusted by generations of anglers. Proudly family owned and locally made, every Alumacraft is built by American hands, carrying forward the same tradition of craftsmanship and memories that has defined us since the beginning. As part of the Bryton Marine Group, we join a family of brands working together to create a lasting, positive impact for our communities and the families who choose our boats.
